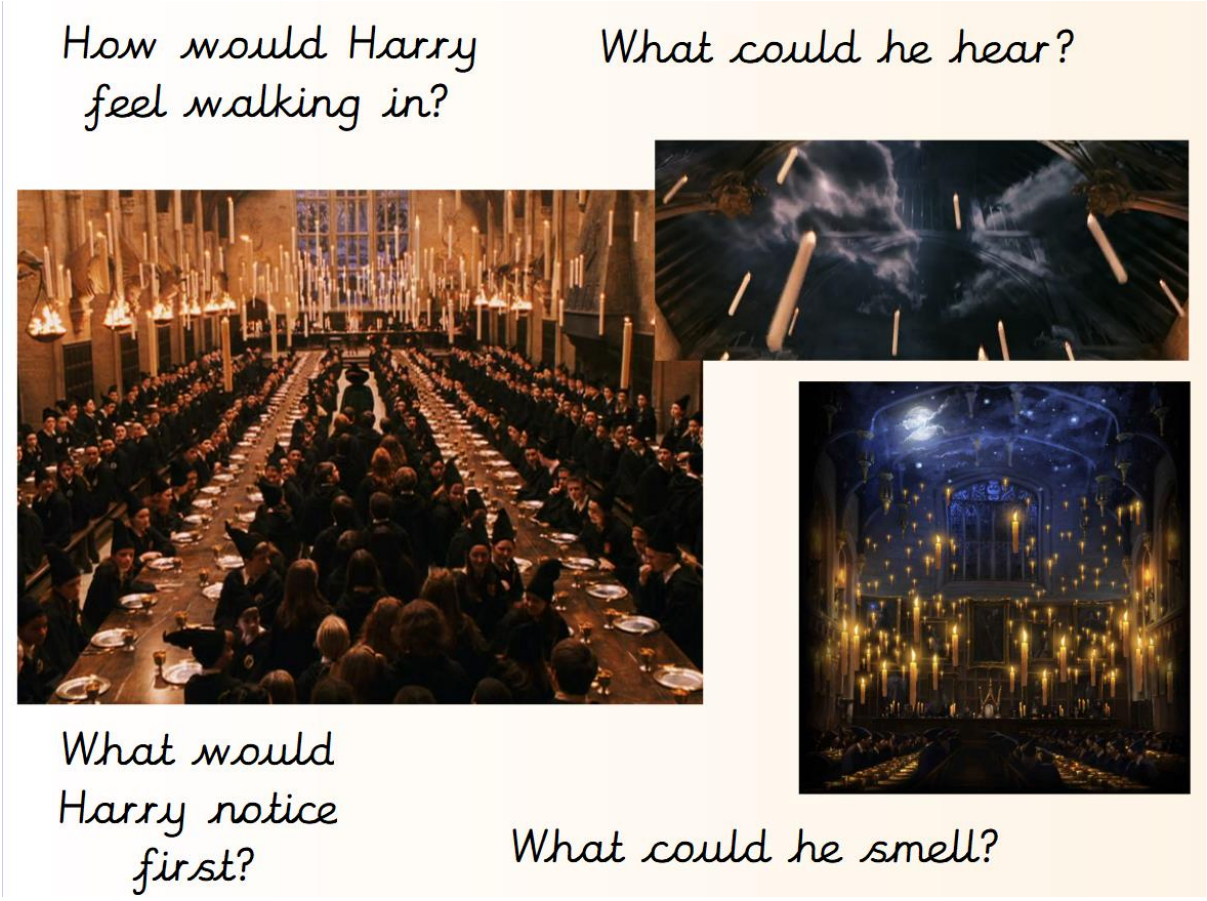
## LO: To generate precise vocabulary to describe a setting

We will be writing a setting description for Harry walking into the Great Hall. Today you will need to generate vocabulary ready to write the description tomorrow.

This clip of the film might help you:
https://www.youtube.com/watch?v=095sQ6PzGTA



Complete this table with vocabulary you could include in your description. Think about adjectives (describing words) as well as verbs (doing words) eg, glowing candles, flickering, bright, melting, floating.

Once complete, turn it in on Teams so Miss Shearer can check it before you write your description tomorrow.

Well done for completing it!
