27th April 2020

Dear Parents/Carers and Pupils,

This week is the second week of online learning for each year group on the Forest Lodge website. New learning grids have been posted this morning alongside Well-being activities and updates on the Leicester City Football club activity booklet.

Feedback from both parents/carers and pupils from last week has been very positive and the engagement from you all has been fabulous. Teachers have had emails and telephone contact with the majority of families and have been able to support well-being as well as learning in some form. Please make sure that if any kind of support is needed, email the year group email address or let the teachers know when they have telephone contact with yourselves each week.

We completely understand that home learning is difficult to adjust to, so we are mindful when setting tasks that many of these will be able to be accessed with only minimal support or direction required. Tasks set do not require pupils to be online constantly and many can be carried out practically, using CGP books or in the exercise book that was provided using ideas and support posted on the class pages. Many activities that you feel may not be home learning are, such as cooking, role play, physical activity and creative tasks, we know that these are equally important so please send us pictures of these too.

Our main priority is the welfare of all families and young people during this time and we are here to support you in any way we can.

Continue to keep you spirits up together and look after each other as best you can. All staff members send their best wishes to each and everyone one of you.

Take Care

Mrs Caldwell
Headteacher
