

Creative Curriculum 'Earth and Space'

This half term we will be focusing on Earth and Space in our Topic work. This will include looking at the Solar System as well the History of Space, space travel and the phases of the moon.

English

We have an English lesson every day. This term we are focusing on linking our work as much as possible to our 'Earth in Space' topic. Children will be describing a journey through space, describing planets, reporting on the moon landing and writing diaries about a Space Rover. They will be learning lots of new skills to include in their writing. Also, we will be choosing our vocabulary carefully to have an effect on the reader. We will be reading lots of texts linked to our writing. Look out for the ones we send home! Ask your child about the skills they are working on and the writing that they have done.

Forest Lodge Academy
A.L.E.A.D. Academy

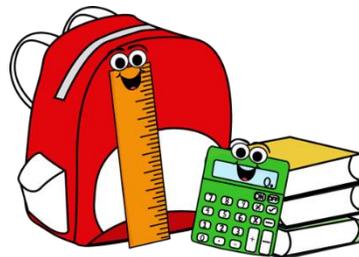

Year 5 Spring 2021

Maths

In Maths we are developing our knowledge from last term. We will continue to build our calculation skills both written and mentally.

We will also be looking at perimeter, area and fractions, decimals and percentages. We will continue representing visually and explaining our mathematical thinking (reasoning).

We will use all our skills to solve a variety of problems.

Reminders

- 1) Children should be trying to complete the daily lessons on TEAMS. These lessons are also available on the school website.
- 2) A piece of homework is due in each week for Reading Eggspress and Times Table Rockstars.
- 3) Children are also set weekly spellings. They can practise these on Spelling Shed each week.
- 4) Children should be reading three times a week. This has been set on Monday, Tuesday and Friday. If you're struggling for reading books, there is an online library on Reading Eggspress.

Key Worker Group Reminder

If your child is in the Key Worker group please remember to send them in wearing a suitable PE kit including warm clothes for outdoors on Wednesdays and Thursdays.

Assemblies

Please look on the School's website for weekly Assemblies with Mrs Caldwell.
