

Year 6 Virtual Learning Spring 1 Leaflet

Thank you for supporting your child in their home learning. This is a very new way of working for children and teachers alike and we are so proud of how engaged our children are so a huge thank you and well done to you all.

In this leaflet, you will find an outline of what will be covered in home learning this half term.

As always, if you have any issues please contact your class teacher at Forestyear6@forestlodgeacademy.co.uk or speak to them during your weekly phone call.

Spring 1 Term Topic - HARRY POTTER

For the first half of this term, we will be basing our learning around Harry Potter, learning about all things magical and using this to inspire our lessons. 3 assignments will be set each day out of the following subjects:

English We will be starting by recapping descriptive writing techniques and speech punctuation then write a narrative, designing our own obstacle for Harry Potter and friends to face.

Maths We will be focusing on decimals and percentages how to calculate with each and the equivalence between them. This will then be applied to different contexts and problems. We will then move onto algebra!

Reading We will be reading Harry Potter and the Philosopher's Stone, practising our comprehensions skills and looking at how character is created.

Art We will be evaluating the style of Mary Grandpre, a Harry Potter illustrator, and using them to create our own Harry Potter illustration.

RE You will be learning all about moral decisions and how to navigate tricky situations

PSHE This term will focus on our dreams and goals for the upcoming year.

The fourth lesson of each day is not expected to be returned. This may consist of PE, French, Spelling or children using their online platforms such as TT Rockstars to recap skills.
