

Connected Curriculum

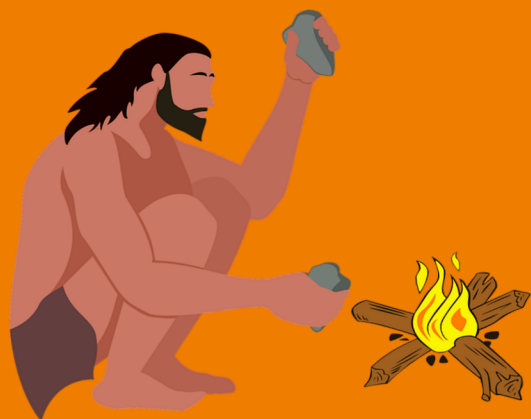

Our topics that we cover combine subjects such as History, Music, Art, Computing, D&T and Science.

Children will cover a topic called 'Early Man' where they will be learning about the Stone Age, Bronze Age and Iron Age.

During this topic, children will be comparing the lives of people in Stone, Bronze and Iron Age Britain to our lives today - whether it be Education, Medicine or Toys, there are some pretty big differences!

As well as this, we will be learning all about Stone Age cave paintings and having a go at making their own. We will also learn more about music composition!

Timings

Staggered timings for Year 3:

Start - 8:50-9:00

Break - 10:35-10:50

Lunch - 12:15-13:15

Hometime - 15:15

P.E. Days

3JM - Tuesday and Wednesday

3AF - Tuesday (Swimming) and Wednesday

3GW - Tuesday and Wednesday

Please ensure that all children are dressed in weather appropriate P.E. clothing, consisting of a t-shirt and dark tracksuit bottoms or shorts. P.E. lessons may take place outside, so children should bring a jumper for colder days.

Homework

We ask that all children read their reading books 3 times per week and have their diary signed by an adult.

Also, children have login details for Sumdog, Times Table Rockstars, Mathletics and Reading Eggs and are encouraged to complete activities regularly.

Miss Ross

Get In Touch

One member of the year group team will be available on the door every morning, otherwise feel free to email us on the year group email below:

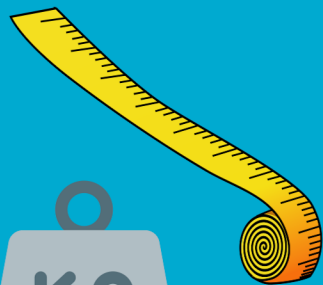

ForestYear3@forestlodgeacademy.co.uk

Maths

In Maths children will be learning to complete written methods of multiplication and division. This unit will include building a solid understanding of what happens to numbers when they are multiplied and divided.

Following this, we will delve into a few units surrounding measurements such as length, perimeter, mass and capacity. Children will work to fully comprehend the size and mass of different shapes and objects and compare them against others.

Children will also continue to finetune their times tables knowledge, moving from counting in multiples of 3, 4 and 8 to reciting random multiplication facts from each table.

English

In English we will be continuing to develop our writing skills by focusing on direct speech and how we can use it in our written work. We will use speech marks to show when someone is speaking, with the correct punctuation to demarcate our sentences!

Handwriting will continue to be a big focus in year 3 and children will be working towards earning their pen licence!

We will also be working with the children on their grammar, spelling and punctuation and placing an increased emphasis on reading comprehension, particularly during regular guided reading sessions as well as shared reading sessions.

Other

In R.E., children will be learning about different religious celebrations that are marked throughout the year in our R.E. lessons.

In P.E., children will be learning to play Basketball and will be learning to build their flexibility in gymnastics.

In French, we will learn how to talk about the musical instruments that we play and ask people what instruments they play.

Finally, on the 7th January 2023, we will celebrate Safer Internet Day by learning more about how we can be safe online!
